30,000

Sq. ft. modern facility

3,000 MT

Annual production capacity

80+

Skilled professionals

In-House

Tool room & die
development

Modern technology and efficient systems ensure consistent quality, timely deliveries and complete customer satisfaction.

Integrated capabilities, under one roof

PROCESS FLOW

- 1 Die design (in-house tool room)
- 2 Billet heating & extrusion
- 3 Stretching & cut-to-length
- 4 Surface finishing
- 5 Quality check & dispatch

Dedicated in-house tool room

Design, develop, modify and maintain extrusion dies in-house — faster lead times, superior dimensional accuracy and flexibility for customized profiles.

High-capacity press

Continuous & bulk extrusion runs

Skilled workforce

80+ experienced professionals

Quality & precision

Consistent, on-time delivery

OUR VISION

Shaping tomorrow's possibilities

“Unleashing innovation and precision in every profile, our extrusions transcend limitations and shape tomorrow's possibilities today.”

We continuously invest in advanced technology and process improvements to provide superior aluminium extrusion solutions for evolving industries.

OUR MISSION

Delivering excellence through innovation

Our mission is to become a leading aluminium extrusion manufacturer by providing:

Superior quality products

Innovative solutions

Reliable services

Sustainable manufacturing

Exceptional customer value

Building long-term relationships by exceeding expectations in quality, performance and service.

Excellence beyond manufacturing

Quality

Products that comply with stringent industry standards.

Innovation

Advanced technology that creates high-performance solutions.

Reliability

Consistency, trust and timely delivery for every customer.

Customer Satisfaction

Long-term partnerships through exceptional service & support.

YOUR TRUSTED PARTNER

Why choose Nexus Aluminium

- ✓ Advanced manufacturing facility
- ✓ In-house tool room & die development
- ✓ 5-inch, 1100-Ton extrusion press
- ✓ Annual production capacity of 3,000 MT
- ✓ Customized aluminium solutions
- ✓ Precision engineering & technical expertise
- ✓ Consistent quality standards
- ✓ Competitive pricing
- ✓ Reliable & on-time deliveries
- ✓ Customer-centric approach
- ✓ Commitment to innovation & excellence

QUALITY COMMITMENT

Committed to excellence

ISO 9001:2015
Certified Quality Management

Operating under a robust quality management system and the highest standards of manufacturing excellence.

Ensuring

- ✓ Consistent product quality
- ✓ Process excellence
- ✓ Customer satisfaction
- ✓ Continuous improvement
- ✓ Reliable & timely deliveries
